Who are we?

Creative Shropshire is an exciting new networking forum for Shropshire-based creative professionals working at a commercial level.

We aim to provide an opportunity for creative consultants to get together in a friendly, informal and supportive environment to learn from each other, share ideas and collaborate on projects as needed.

Our goal

Together, we hope to develop a reputation for Shropshire as a hotbed of creative talent and encourage companies and organizations to automatically consider local creative businesses when sourcing services and supplies.

For companies

If you're a company looking to develop your marketing strategy, strengthen your brand, design literature or publicise your business, you can tap into the range of talents Creative Shropshire has to offer, including photographers, graphic designers, web specialists, illustrators, copywriters, PR consultants, marketing consultants, art sourcers, video production specialists and cartoonists.

For individuals

As a member, you can get involved in our diverse programme of networking events and comprehensive skills workshops on a range of subjects, and benefit from increased publicity and marketing opportunities through the group than would be possible as individual businesses.
